5'5" 21 y.o.

She has long brown hair, brown eyes, and a slender figure. She dresses stylishly within the guidelines of tznius. (She doesn't feel pressured to have the latest season's style.)

BH is refined and tzniusdik and lights up those around her. She is reserved in nature, yet has strong values and a gentle leadership style. In her personal life, she is well liked, sensitive, and caring. She has a positive attitude, a good sense of humor, and is respectful to others. She shows responsibility and maturity, and "takes things in stride," without getting overly worried. Her interest is to work in the field of chinuch/shlichus and to build a home on the foundation of Torah and Chassidic values. B. is currently working in preschool at Chabad of the West Side.

What is unique about her that she is giving and a doer in an unpretentious way. She is focused and follows through on her commitments. She does not get flustered when presented with obstacles and pressures. Her sense of emunah is very real.

She is seeking a partner with a strong Chassidische mindset and feeling that is well grounded, organized, and knowledgeable of both Torah and the world around him. She would like to focus on building Chassidische home that is free of non-Jewish music/movies.

It would surprise somebody that B:

- Is handy and fixes things that break in the house
- Makes conversation with all types of personalities/backgrounds
- Plays guitar and sings
