**Essay:**

Hey, I'm Chanie Blasberg. I come from a big Jewish family that is always filled with love and chassidische warmth. I grew up in Israel and as a little girl I loved exploring outdoors. At the age of 13 my family and I moved to the States. I went to Beth Rivka where it took me time to settle in. The switch in the countries did not stop me from doing what I loved. I found a Jewish Dance Studio where I took ballet for additional 3 years. I'm a person who does not stop when faced with challenges... I work hard at overcoming them. I'm a friendly person but at the same time value privacy. I find myself helping others a lot, which I don't mind at all. I know that life is never a steady path... I find myself looking for new ways to work on myself and improve who I am as a Chabad chossid.
