Ambitions and Hobbies:

Mia's friends would describe her as outgoing, fun to be around, a great listener and overall excellent friend. Mia is a very serious student, spending many hours of her day studying. During her free time she can be found with friends, cooking (she often makes shabbos meals for many of her fellow classmates) and reading. Mia's professional goals include becoming a physician, and she is currently attending the Sackler School of Medicine at the University of Tel Aviv. She is currently doing rotations in Chicago and will graduate, G-d willing, in May 2013 where she will then be moving back to the US to do her residency.

Mia is seeking a Lubavitcher with a strong commitment to his yiddishkeit. Important qualities that Mia is looking for include someone with an outgoing personality, a positive attitude, and someone who is both caring and sensitive to the needs of others. A strong sense of humor is a must. Mia would prefer someone has serious goals and makes time to learn and attend minyanim.
