I am a kind and compassionate individual who finds joy and fulfillment through chesed.

I have a social work degree and truly enjoy the work I do as I get to meet unique families and help them in their daily lives. I feel blessed that I get to serve Hashem through my job in that I advocate for families who have a myriad of needs.

I am a bal teshuvah and therefore I appreciate and I am accepting of peoples life journeys.

I truly cherish learning Torah, keeping mitzvahs and growing closer to Hashem through davening. Connecting to Hashem through davening is something that is very special and important to me and it is my hope that my spouse will also feel the same way about davening.

Learning Torah is very important to me. I learn with my partner in Torah and attend shiurim weekly. I enjoy engaging in interesting and meaningful discussions surrounding various topics of Torah and very much look forward to sharing this with my husband.

I enjoy the outdoors such as going to the ocean having picnics and going for walks. I also love music and enjoy concerts. Other activities I try to find time for are dining out, going to coffee shops or simply reading a good book . I have a wonderful eight year old daughter who inspires me to grow closer to Hashem every day.
