General

Yosef is a very sensitive boy who is kind hearted and caring. He donates a his time to play music for nursing homes, the handicapped, and smaller Mosdos in need of music entertainment at their fund raising events or holiday gatherings.

Yosef has a pleasant disposition and he relates well to children. He is a chassidishe bochur learning nigleh and chassidus on a daily basis.

Yosef is looking for a Chassidishe girl. It is probably wise that she has an appreciation for music, as this is a major passion and skill that Yosef has. Most probably he will use this skill in making a living.

Yosef is talented in languages, speaking and/or understanding Hebrew, Yiddish, Spanish , Portuguese, and of course, English
